ORAL MAJORITY

A primer on the art of giving head

It seems every decade has its fads, inventions and eccentricities. We can thank the Sixties for rebellion, drug, social awareness and the beginnings of the sexual revolution. We can fondly credit the Seventies for bringing us into our permissive sexual years, and all that resulted from that. The Eighties brought materialism and consumerism. But it was the Seventies that brought a deep appreciation of oral sex.

No question about it, whether giving or receiving just about everyone is into oral sex. "Yet, most of us go about it in the wrong way," asserts Stephen Dalton, a sexual researcher and author of a report on practical oral sex tips. "Oral sex is okay, and everyone is doing it and supposedly enjoying it. But are they really enjoying it? Many of us think we know how to satisfy ourselves and our partners, but in actuality we are groping about in foreign waters and we only have a vague Idea of what we are doing. More often than we'd like to admit, the pleasure we derive from oral sex is simulated. Simply, it is in our heads. We imagine we are being turned on, but in reality we are not."

Dalton says most men and women lack proper oral technique. Not knowing proper technique leads to deception and often pain. Take the ardent female lover who is so eager to please she literally gobbles up her partner's cock. All well and good, but I don't care who you are, no one wants his dick mauled by sharp teeth. The fact is it hurts- a lot. More often than not, it is downright painful. What usually happens is the man suppresses his pain for fear of hurting his partner's feelings, and he hopes and prays that she finishes up so they can get on with the sex that follows.

Or take the dude who is buried somewhere between the clit and the cunt, wondering which way to go. He licks, he kisses, and he secretly wishes he had scuba diving equipment so he could get a few good life-sustaining mouthfuls of air. He too proceeds clumsily along.

Now we don't mean to imply that all of us are hopeless novices when it comes to oral sex. Many of us are quite expert at it but nevertheless, whether you're an expert or a groping novice, a few positive pointers on improving your oral technique will go a long way. Your partner will come out on top and so will you. Satisfaction guaranteed. All you have to do is practice few simple exercises to make the difference.

"The nice part about these exercises," explains Dalton, "is that you can do them alone and you don't have to feel shy or uptight about it. You can do them at any time, day or night, in the privacy of your bedroom or bathroom. It's

entirely up to you."

Dalton has exercises for both men and women, and then there are exercises that can be done by both sexes. These exercises are not mandatory and you're not compelled to do them if they turn you off, or if you feel they are just plain ridiculous. The exercises need be nothing more than a guide. Many adventurous lovers invent their own. Again, if they make sense by all means try them; if you are turned off, do not bother with them.

"It's documenting the obvious, but oral sex is to be enjoyed," Dalton continues. "Don't do it because your best friend gets off on it, or because your partner insists. Do it because you're turned on by it and for no other reason. Every part of the sex act is supposed to give you pleasure."

For Women Only

Many chicks are frankly turned-off by a man's penis. Twenty years ago, a writer by the name of Henry Ossinger did an informal survey on women's' attitudes towards a man's dick. He candidly asked for opinions on the subject, and whether the women were turned on or off by a cock. Remember, this was many years ago, which is ages ago in terms of sexual awareness. A few opinions were, "I don't particularly think a man's penis is a pretty part of the body. It just lies there like an unfurled snake." "The penis can't compare to a woman's breast. The breast is beautiful and shapely. The penis looks like a dead animal, gorged with vessels and ridges. It's full of purple and red veins, and I never thought it was a beautiful part of the male body." "I like to feel it and love the feeling when my husband pushes his penis inside me. It feels hard and strong. But sometimes after sex I'll look at it, lying there curled up on my husband's thigh, dripping wet, and wonder why women get so much pleasure from such an unappealing thing."

These days however attitudes have certainly changed. Dalton and other researchers say a lot of fears have disappeared regarding the male penis, when it finally was allowed to come out of the closet, so to speak.

The cock didn't always make its formal entry into society. These days women are permitted to view it in all its glory: It was hidden away for so long, millions of women secretly feared it and were turned off by it, without realizing it. In actuality, states Dalton, the penis is not ugly at all. It is a part of the body. He contends that no part of the human body is ugly. And now we are finally realizing that not all penises are the same. Some are fat, others are skinny; some are short, and some are more attractive than others—just like the myriad varieties of women's breasts.

This brings us to our first exercise. Familiarize yourself with the penis, but not during sex. Look at it. If you're not comfortable enough to inspect your partner's dick, get some pictures. Look at them closely. The more you look at it, the quicker you'll see that the penis is not a bizarre serpent that mysteriously unfolds itself during sex.

Get used to having the penis in your mouth. Many women try all kinds of machinations to prevent themselves from gagging. All of a sudden, they find their partner's cock pushing past their molars, making its way for their throat. You guessed it; they panic-silently at any rate. They fear that they won't be able to breathe, that they'll be choked to death or that they'll drown in cum. But it all has to do with a fear of gagging.

The best way to overcome your fear is to jump right in.

Take two or three fingers and jam them into your mouth, as far as they will go, until you gag. You won't die, believe me. What you're doing is working on your gag reflex. Now do it again, this time quickly. The worst that can happen is you'll vomit. Remember, babies vomit all the time, and it doesn't seem to bother them. In fact, they enjoy it. We adults are the ones with all the hang-ups. Or, if you feel like getting fancy, buy a dildo and try thrusting it into the back of your mouth. Practice thrusting either the dildo or your fingers into the far reaches of your mouth often, simulating a blowjob. In time, a penis thrusting against your tongue will offer no surprises.

Learn how to use your gums. The cardinal rule in oral sex is, do not use your teeth. If you didn't know it, the penis is a sensitive organ. Like any part of the body, it is made of blood, veins, cartilage and skin. Bite it and it will bleed,

causing no end of pain.

Many women do not know what to do with their teeth and without realizing it, they often come close to castrating their lovers during ardent lovemaking. But this too can be easily corrected. First, pretend that you've bad an operation and you've had all your teeth removed. Perish the thought. You're toothless and you have no choice but to gum your food into submission. Learn how to keep your lips over your front teeth so your teeth are temporarily sheathed. Practice in front of a mirror covering your teeth

with your lips. If you're doing it correctly, you should look like a toothless old lady. I know what you're thinking: You think it's dumb. But you'll never master the fine technique of giving head if you don't do something with those annoying sharp teeth. No man wants his cock mauled.

This next exercise is simple and even fun. And it doesn't involve filing your teeth down.

Practice with some fruit—a banana, for example, or even a big ice cream cone loaded with your favorite flavor. The idea is to consume the fruit or ice cream without using your teeth. First try it with a banana. Keep your lips over your teeth and suck the fruit using only your lips and gums. Look at the fruit periodically to see how you're doing. If the fruit or ice cream cone looks like a beautiful, symmetrical piece of sculpture that is slowly slithering away with each lap, you score an A+. If it is uneven and full of teeth marks,

you need more practice. Don't be upset if you badly maul a few pieces of fruit. It's good for you, but go easy on your banana and ice cream is chock full of calories.

Now for technique: There are a couple of ways to proceed. Once you've learned how to use your gums and effectively conceal your teeth, practice some tongue exercises. Pretend you're a deadly poisonous snake and your tongue is a fang. Flick it in and out in front of a mirror, quickly and then slowly. Move your tongue from side to side, exploring every crevice of your mouth. This exercise also looks silly, but wait till you apply a little creative tonguing to the shaft of your partner's dick. He won't think it's silly at all. He'll groan from pure unbridled pleasure.

To round off your technique, it wouldn't hurt to see how the pros do it. Check out legendary porn stars Marilyn Chambers', Georgina Spelvin's or Linda Lovelace's oral techniques. They've mastered it and rewrote the so-called rules on the subject. See how you compare. Now go and practice what you've learned. Your partner's reaction will tell you how well you've done.

For Men Only

Guys, your oral exercises are not as complicated. First, and we don't mean to insult any of our reader's intelligence, but many men are not that familiar with the female anatomy. That doesn't necessarily mean that they are sexual novices either. Most men use the touch and grope technique and many are not absolutely certain where the clit is in relationship to the pussy.

This is nothing to get upset about; it too can be easily corrected by doing a little homework. Look at videos or pictures of nude women, preferably the ones that show the different parts of the body. Familiarize yourself with them. Or, if you feel comfortable with your girlfriend or wife, have a close look at her cunt. You'll see that it is not all that mysterious.

A few practical tips: Many a bold dude has struggled for breath while buried deep within the folds of his partner's pussy, overcome with passion. They struggle for breath and at the same time try to seductively ply their partner's cunt with licks and kisses. First, take your time, and get the lay of the land. Why rush a good thing? She's not going anywhere and you know you're quite content with everything just the way it is.

If you can't see, use your hands so you know where her clit and cunt-hole are. Then start to use your tongue in slow, even undulating motions. Lick and kiss, but don't bite, unless you want to slowly lacerate your partner working from the bottom up. And breathe through your nose. This sounds simple, but when your sexual juices are flowing like crazy many of us instinctively try to suck in as much air as we can through our mouths. This requires a little practice. Once you learn to breathe comfortably, your staying power will increase noticeably. (It can also decrease the risk of getting a heart attack when in that embarrassing position. Imagine your loved ones trying to explain to your old aunts at your funeral how you died.)

Now that wasn't so difficult, was it? As we said earlier, if these exercises don't please you by all means invent your own. It's not hard to do, and it can be a lot of fun. Last but not least, communicate with your partner regarding oral sex techniques. You'll never know unless you ask. Tell them what you like and dislike and they should do the same for you. This way there is no guesswork. Keep your tongue and lips in good working order and you'll always be in top shape for oral sex.

take it to the hole

Call me greedy, but the guy owed me more, a lot more.

Pen in hand, I took several deep breaths to clear my head before tackling the mid-term exam. No sooner had I read the first question than a familiar cough pierced my concentration.

Melvin!

I had almost forgotten about our little arrangement.

Checking to make sure that Dr. Higgins wasn't looking straight at me (thankfully, he wasn't), I slid the test to the edge of my desk, thus granting Melvin an unencumbered view . . .

The star basketball player had been copying off my paper all semester. In exchange for my cooperation, he gave me free tickets to all of our home games. Ours was a nice arrangement as I had always been a huge college basketball fan.

Melvin was one of the nation's top players. Piece of cake, right? Well, not for Melvin. He wasn't exactly the brightest bulb in the box . . .

As for me—well, I was a straight A student on a full academic scholarship.

Aware of my scholarly reputation, Melvin had approached me early in the semester with the idea. A win/win situation, he had called it. I had felt the same way, agreeing to let him cheat off me throughout the entire semester.

Now, hunched over my paper, I suddenly found it hard to concentrate. Free tickets, I thought . . .

They were nice, sure. And I certainly enjoyed going to the games. Still, I felt deserving of something bigger and better from Melvin. Were it not for me he would have been flunking, making him academically ineligible to play. This, of course, would have put his professional career in serious jeopardy.

Call me greedy, but the guy owed me more, a lot more.

And it was time to collect!

"Thanks again," Melvin said to me as we filed out of the classroom. "I'll bring the tickets to your dorm after practice."

"Sounds good, Melvin," I told him, unable to suppress my calculating smile.

The basketball star was in for a big surprise. I hoped he didn't tire himself out at practice. He would need a lot of strength and stamina for what I had in mind.

Boy, would he ever!

One of the perks of my academic scholarship was a private dorm room; this proved most con-

A professional career was definitely in his future. Of course, he had to maintain a C average to keep playing college ball, to keep his skills sharp and maintain visibility for pro scouts.

venient when Melvin showed up that night after practice. It was just the two of us.

Framed in the doorway, he proffered two tickets. "Here you go. For you and a friend. It should be a good game . . ."

I took the tickets and told him that we needed to talk about our arrangement. Gym bag in hand, he crossed the threshold and closed the door behind him. Standing there in his sweatsuit, he regarded me with a concerned expression.

"Is something wrong?" he asked.

I got right to the point, telling him exactly what I wanted. He chuckled good naturedly, thinking I was pulling his leg.

I couldn't believe he didn't believe me. I maintained a straight face. "I'm serious, Melvin. Free tickets just aren't cutting it anymore. I want some big black cock. I want your cock"

Melvin's was the biggest and brightest smile I had ever seen in my life. As for his junk—well, it was plenty big, too!

Having wasted no time in getting out of his sweaty clothes, he stood there as I sat on the edge of the bed. "There you go," he said, waggling his humongous dick in my face. "All yours, baby . . ."

I gobbled him hastily. Fondling his sweaty balls with my hand, I sucked his huge schlong, pumping and priming for all I was worth. My lips cinched around his dick, I plunged my head frenziedly, savoring the salty flavor of his dark meat.

His glans tapped the back of my throat, making my pussy wet as I looked forward to the forthcoming fuck. Melvin didn't disappoint; just like on the basketball court, he came through in the clutch, delivering when it mattered most . . .

Having sucked him to supreme hardness, I lay there on the bed and pulled my legs back, parting my shaved pink pussy. Towering above me, Melvin moved forward and guided it home, pushing his titanic throbber inside me. His was the biggest dick I had ever had, by far. The biggest and blackest . . .

"Ever fucked a brother?" he asked me.

"Never," I uttered breathily. "You're the first, Melvin . . ."

The late afternoon practice session hadn't diminished him in the least. My pussy had never taken such a relentless pounding. I glanced down, eyeing his black baton as it skewered my pink hole, loving the contrast in color between his massive member and my creamy white skin.

Moments later, Melvin made me come, then withdrew and dumped his load on my stomach. In a matter of minutes, he was dressed and walking out the door. "It's been fun," he said, gym bag swinging at the end of his incredibly long arm.

I watched a lot of basketball and had tons of great sex for the remainder of Melvin's collegiate career. I was just a Sophomore when he was drafted by a team on the opposite coast. His turning pro was a bittersweet occasion. I was happy for him, you bet, but more than a little bummed to part with his big black cock!

I lay there on the bed and pulled my legs back, parting my shaved pink pussy. Towering above me, Melvin moved forward and guided it home, pushing his titanic throbber inside me.
